

Universal Pallets®

Pallet Sales Brochure

**We believe that we are the UK's
most innovative full-service pallet solution**

Pallet Sales

B2B Pallet Sales

B2B sales make up 90% of our business – we sell 1000's of pallets per week to warehouses, waste management companies, export companies, logistics companies, chemical companies and more.

And many of our customers have been with us since we started trading 40 years ago. Why? Because we value business relationships. We pride ourselves on our efficient communication, our can-do attitude and our desire to innovate. In short, we care and our consideration results in happy customers.

Online Orders

We are the industry-leaders in online pallet sales. We were the first to sell online and we believe we are the most innovative pallet sales company in the UK. The ability to buy large or small quantities of pallets online particularly benefits the following business types:

- Businesses with an urgent requirement for a large or small number of pallets
- Businesses that need an organised supplier who is able to deliver to multiple sites UK-wide
- Businesses that benefit from placing an order 24/7, not just during the usual business hours
- Restaurants, bars and events venues that want to make trendy furniture while reducing costs and environmental impact
- TV and film production companies
- The general public who want to buy small quantities of pallets for pallet projects such as furniture, storage, decoration or artworks

We now offer **National Next Day Delivery**

Pallet Sales

“We’re nationwide, offering services to every corner of the UK.”

Grade A Wood Waste Management

We offer a waste management service that is more efficient, economical and more environmentally friendly than a skip. We will repair or responsibly recycle any pallets and grade A wood that you need cleared from your site. One-off or regular jobs welcome.

Accreditations

We are proud to be members of industry-specific associations and hold many certifications to reassure our customers that they’re working with the best.
